Learning & Work Road Show success

The Information Station, set up to support BD5 residents with information and advice on learning and work opportunities, held its first 'Learning & Work Road Show' on 25th November at The Bradford Foyer.

The event raised awareness of the Information Station project and developed partnerships with referral agencies and provided opportunities for BD5 residents to access these services. Stalls were represented from training providers, employment agencies and local employers including Jobs@, At Work, Job Centre Plus, First Bus, Early Years & Childcare Service Lets Twist, Skills for Work, Minerva Centre, Margin Networks, the Army and BDTS. There was an excellent attendance of over 100 people from in and around the area. Gareth Thompson and Ryan Wormald, both residents of Bradford Foyer and both undertaking a profile of Achievement Award, volunteered to help serve food.

Gareth said 'Margin Networks opened my eyes to the publicity side of music and drama! I was very interested and it was very helpful. Many more people should try these services!'

Ryan said, 'I liked speaking to Margin Networks because they can help me to expand my musical abilities and get my foot in the door of the music industry'

Daniel Foster, another resident of the Foyer and visitor to the road show said 'I had excellent information given to me from the staff at @Work Recruitment and the Armed Forces on Career opportunities, which left me with a lot of prospects to consider.'

The Information Station provides help and support to those looking for work. This support includes identifying skills and talents, matching them to career options, and job search techniques such as interview skills and CV preparation. The shop welcomes visitors to its drop in services and is open each morning from 9.00 am until 12 noon and Monday to Thursday afternoon from 1.00 pm - 4.00 pm. You can ring them on 774801 or e-mail trident@careersb.co.uk
